New Life Mission 
Transforming Homeless Families

It takes a Village

Since 2009, New Life Mission has served as a long-term transformational housing program for women with children who are homeless or at risk of becoming homeless.

While in the program, families reside at one of our four campuses for up to 2 years while they receive one-on-one case management, financial coaching, childcare, life skills, mental health support, Bible study classes and more – all with the goal of breaking the cycle of homelessness.

Visit www.newlife-mission.org to learn more!
